## Obsession

By Dawn Brotherton

When the phone calls began in the dead of the night, Jackie chalked them up to a prank caller. She'd had her share of harassment during Air Force missile training, but she had rolled with it. Now when she noticed changes around her house she hadn't made and unsigned love letters began arriving, she knew she needed to worry. Was she paranoid, going crazy, or were the guys at work not getting the message that she wasn't interested?

In the neighboring town of Sedalia, a more ominous situation was stirring. The unexplained death of yet another young, single woman had the police on alert. Same MO, different small town. It was only a matter of time before the killer found his next victim.
